Funding to drive skills and business growth

A new service to equip you with
skills to nurture a culture of success

Grants of up to £1,000 are available to help leaders of eligible organisations pay for training and development to help their businesses grow.

Funded by the Skills Funding Agency, the Leadership and Management Advisory Service is delivered in Central England by EMB Ltd - a vibrant business development and improvement company.

Want to grow?

Whether yours is a new business or well established, ambitious plans for growth need a workforce that is fully engaged with your plans and the leadership and management skills to achieve this.

The Leadership and Management Advisory Service, delivered by EMB Ltd, offers a great opportunity to businesses and social enterprises in the East of England, West Midlands and East Midlands. If your organisation employs less than 250 people and has the potential for high growth, the Service could help you to develop the leadership and management skills of a key member of staff.

What we offer you

Following a needs analysis, which you can complete online, an impartial and experienced Leadership and Management Advisor will meet with you.

Together, you will decide on the right solutions and providers to develop your leadership and management skills.

Solutions will be linked to:

- Further developing an effective personal leadership style.
- Creating an effective business culture.
- Planning and developing your business and the teams within it.
- Building high performance across your business.

Up to £1,000 in grant funding

For eligible organisations, this grant will pay for 50% of the identified training solution (excluding VAT) up to the maximum of £1,000 per organisation.

For example:

- If the development solution costs £1,000 + VAT, **you can claim back £500.**
- If the development solution costs £2,500 + VAT, **you can claim back £1,000.**

Your Advisor will discuss and agree with you how this investment, matched by your own, will achieve measurable returns for the business.

The Service includes a follow-up with your Advisor to review your progress and help you make the most of your new skills.

Eligibility Criteria

This offer is available to private sector businesses or social enterprises with:

- Fewer than 250 full time equivalent employees.
- At least one employee in addition to the senior leader.
- The potential for high or fast growth.*

* EMB Ltd will undertake an assessment to determine eligibility. All training must have started within 90 days of the Personal Development Plan being agreed. All grants are exclusive of VAT.
